How to Import Bizagi Project into Visual Paradigm?
Written Date : December 15, 2010

Bizagi is one of the BPM software in the market. With Visual Paradigm, you can import Bizagi's .bpm file into business process diagram directly. In this tutorial, you can learn how to migrate the work from Bizagi to Visual Paradigm.

1. Download BPD-sample.bpm. You can also find this file at the bottom of this tutorial. The following is the Bizagi drawing:

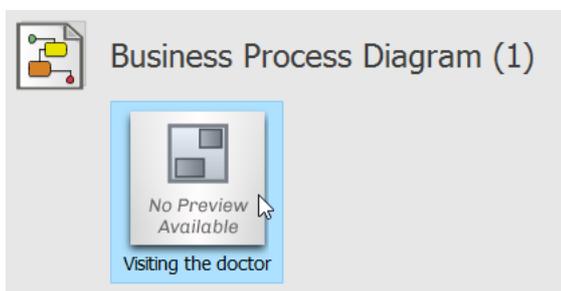

2. Create a new project by selecting **Project > New** from the application toolbar. In the **New Project** window, enter *Tutorial* as project name and click **Create Blank Project**.

5.   The Bizagi drawing can then be accessible in the **Project Browser**. In case it is not opened, select **View > Project Browser** from the application toolbar. You can then double click on **Visiting the doctor**'s thumbnail to open the diagram.

Visiting the doctor is opened.
